## Your Senior Chapter B Directors Tom & Merrilee Peck

April is here and you know what April brings? The winter season comes along, and the Goldwing is put away due to cooler months, we don't think much about riding. Suddenly, the time changes back to save some daylight and spring is in the air. You find out how many things you forgot about and are now trying to get caught up. All the repair shops are booked up and the room you thought would be available is all booked up. Time has come to look over your calendar and get a few things marked down and do some planning to make sure you don't forget something. Spring Fling is just around the corner and considering the effects of the pandemic on all aspects of our life sure makes it a strange time. I know Stanley and Mark have worked up what sounds like a fun Skit for the rally. Plans are going on now so make sure you join us and let Stanley know you would like to be included. Send in your ideas for rides to Wally and copy Stanley and myself so it can be discussed and put on the schedule. Already we have some trips planned as Goldwing rallies are always a good excuse to RIDE somewhere. There are always events at the rallies planned around our love of riding our Goldwings. Spring Fling is always well attended by out of state Goldwingers, many of them friends we have met at their rallies over the years. Always fun to renew old friendships and that is what it's all about. Looking forward to our trip to the Louisiana District rally and would like to thank Stanley & Patty once again for filling in with the chapter duties in my absence. Hopefully some chapters come for a visit to try to capture the Tennessee Traveling plaque, make sure to welcome everyone to our family gathering on April 5<sup>th</sup>. We will be thinking about you while we soak up some sun in Louisiana and look forward to seeing you at Spring Fling soon after.

Tom

# Assistant Chapter Directors

Assistant Chapter Directors

Well hopefully we are through the last cold snap and on to warmer weather, sure has seemed like it the last couple of days anyway. As I am writing this we are just days away from heading to Spring fling and I can't tell you how much we are looking forward to it. District rallies can be a lot of fun to go too but like anything you have to put some effort into it and work toward getting the most out of it, in fact that is the same with any chapter function as well, you just can't wait on the fun to come to you, you have to work on making it happen. A few ways to get the most out of chapter life is to participate, show up to all the meetings that you are able too, make some of the scheduled rides in fact even suggest some and if you are not comfortable leading one then I am sure we can always find someone to lead it for you. With a chapter it is a whole group of people that enjoy the same interest and enjoy spending time together, it's not groups inside a group but the whole group that makes it work. In every chapter it is people willing to help others and thinking of others when we make our plans so that we all get the benefits and we all get the most that chapter life can offer and the same goes for district events as well and you know the old saying and it still holds true today, the more the merrier because we all like to eat, socialize and above all ride. Hope to see you all at our meeting.

Stanley

# Happy Trails

## Now you See Me...Now You Don't!

From the time I first I laid eyes on a Gold Wing decked out with the 'Pearl Hot Rod Yellow' Honda paint I wanted one! That bright color looked so great with the chrome gleaming and outlining it so perfectly. It was like peas and carrots...burger and fries! That is why when last Fall a beautiful, low mileage 2001 Gold Wing came into my radar for a great price I fell in love with it immediately, bought it and named her Elly May after the blond-haired character on the Beverly Hillbillies (LOL). However, beyond the beauty I saw in that beautiful yellow color there was another more practical reason I liked the color and that was because I believed it would make me more visible on the road. I had always wondered if I was right in that assumption so I decided to find out.

We have all seen our share of motorcycles that are black. My first Honda was a black 1974 Honda 750 Four with a Vetter fairing and saddle bags (see picture). We have also seen our share of riders decked out in all black leather and why not? It looks so stinking cool! However, although black does indeed look so cool the distinct downside is visibility.

In a study about the relationship between vehicle accidents and color a very distinct correlation was found between the color of a vehicle crash risk. This study was done for automobiles but there is no reason to think it doesn't also apply to motorcycle colors as well. The study showed that the color **white** was the safest color with the colors **yellow**, **beige** and **cream** very closely behind. The rest of the study results compared the crash risk percentage of other colors as they related to the color **white**. These were the results:

- Green - 4% higher crash risk
- Blue & Red - 7% higher crash risk
- Silver - 10% higher crash risk
- Grey - 11% higher crash risk
- Black - 12% higher crash risk (the highest)

Time of day and vehicle color also has an impact on crash risk. In a study that focused on dusk and dawn accidents, it was found that black vehicles had a 47% higher crash risk when compared to white. Grey had a 25% higher crash risk during those same times. This was attributed primarily to low visibility of these colors due to how they blended into the surroundings.

It also goes without saying that the color of the riding apparel also plays a significant factor in visibility. One study showed that motorcyclists were 37% less likely to be involved in an accident when wearing high-visibility or fluorescent clothing. White helmets were recommended over darker colors.

In the final analysis we all know the greater accident risk we run by riding a motorcycle. However, in addition to good defensive riding habits, riding as a group, lighting up our bikes, etc., brighter colored paint and high visibility clothing can also reduce the risk of an accident.

Oh, by the way. Did I tell you I love Elly May?

## Technical Coordinator: Chris Harden

Have you checked your bike before you ride? Riding season is upon us and before you ride you need to check your bike over for safe and enjoyable rides. Things to keep in mind are checking fluids and topping off, looking at tire conditions and pressure, inspecting lights and looking at controls and switches, and look at your accessories to make sure they are working properly and secure to the bike.

It appears we have some log rides on the schedule this year and it is important to make it home safely.

Chris

# Ride to Mardi Gras Rally, Loissiana District, Morgan City

On April 4, 2022, the Chapter B Goldwing Road Riders headed to the Louisiana District Annual Rally, Morgan City, Louisiana. Dave and Betty Roberts headed the ride. The rest of the riders consisted of Tom and Merrile Peck and John and Doretha Thompson. The riders met at the Flying J at Watt Road (Exit 373) at 9:00 am.

Our leader Dave had a quest to make in Northport, Alabama. He had to be there before 3:00 pm and was not going to let anything get in his way. He had to be at this Restaurant called the City Café to eat their meat loaf! According to Dave they had the best meat loaf around. We made it just in a nick of time. We were the last customers to make in. Dave had his mouth fixed for the taste and ready to eat. He drove over three hundred miles for that meat loaf! Sorry to say this but Dave was a disappointed man when he put his order in and they had no meat loaf! But he sucked it up and ordered something else

it

because all the food was delicious. We continued our journey and bunked down for the night at the Drury Inn Suites, Meridian, Mississippi.

On Tuesday morning we awoke to rain and tornado warnings. We asked for a late checkout to wait until severe weather was over. At around noon warnings were lifted, rain had stopped so we headed out to Louisiana. We arrived in the city of New Orleans at getting off from work time. The interstate was hot, hectic, and scary! They drove like mad people. They have no courtesy or respect for other drivers. Dave thought he would keep them from cutting so close to us by getting in the other lane and slowing down, keeping us tight. They blew horns at him, passed him on the left shoulder almost clipping his trike. All this commotion caused

Dave to get separated from us about ten cars ahead. Dave told us one guy slowed up stared at him like he might do something. He thought he was going to get shot. That was a scary moment! Dave pulled over waited for us and we were together again. But we got through after a long hot ride.

We finally arrived in Morgan, City, Louisiana on Tuesday evening sometimes around 7:00 pm. We checked in at the Clarion Inn and unloaded our stuff. Then ate a delicious seafood dinner of our choice at the hotel's restaurant.

On Wednesday, the Louisiana District took us on a guided, organized bike tour to New Orleans. We left at 9:00 am so we did not get caught up in the going to work or getting off traffic time. We toured on our bikes from the Mississippi River to Lake Pontchartrain. We saw and heard many interesting facts of how Hurricane Katrina flooded New Orleans.

It was remarkably interesting seeing how things were built back together. Riding down historical St Charles Avenue viewing the big, beautiful homes were impressive! We stopped downtown and had lunch at the famous New Orleans PoBoy restaurant. Afterwards we visited a New Orleans cemetery. We got off and toured the cemetery some. Our tour leader taught and showed us interesting facts on the burial process and what happened to the cemetery during the Katrina storm. The whole cemetery was under water. We ended

our tour at Café Du Monde Coffee and Beignets where we enjoyed Beignets. Then headed back to Morgan City.

Thursday's lunch was the highlight of the day! We had free lunch provided by the local Honda Dealer. They fed us a hearty portion of Louisiana style huge boil shrimps, with boil corn, sausage bake potatoes and Cole slaw! It was so very tasty!

# Ride to Mardi Gras Rally, Loissiana District, Morgan City

Afterwards we headed back to the hotel for the opening ceremony. At Dusk we gathered for the Lighted Bike Parade through Morgan City. We had around thirty-two lighted bikes parading through Morgan City. It was a beautiful remarkable sight. It ended at an ice cream parlor where we all had good ice cream. Then we headed back to the hotel individually.

On Friday there were guided rides to the Gator Farm or a plantation. Dave and Betty toured the Oil Rigs Museum. Merrilee, Tom, John, and I went to Avery Island to tour the McElhenny Co. Tabasco Farm and Museum. This is the birthplace and home of World-Famous Tabasco Brand pepper sauce. We also toured the Shadow on the Tech Historical Home in Iberia Louisiana. Friday was also a big day for John. It was his 70<sup>th</sup> birthday. While at Avery Island we had brunch at the restaurant called 1868. Everything on the menu had tabasco in it. We had a

dish called Shrimp Etouffee. It consisted of smothered gulf shrimp; Tabasco original red peppers sauce topped over rice. It was delicious! The servers sang happy birthday to John. They gave us some Louisiana bread puddin to celebrate his birthday. All I can say is that it tasted better than good! I do not like bread puddin but I liked that!

We headed to Morgan City citing and fun! People dance shows and other ac-the bomb for me. Those and fell His partner grabbed broke his arm. He took a Then it was costume judg-time. John and I went up.

We had to parade around in followed. As soon as John got in the very middle of the floor he suddenly tripped on my foot and fell. As he was going down, he grabbed on to my cape and snatched it off breaking the snap. That kept me from falling on him. People came to his rescue and helped him up. We continued like nothing happened. Then it was judging time. John was crowned the king of the Mardi Gras! He was so surprised and happy! I whispered to one of judges that it was the king's birthday. They sang happy birthday and celebrated the king all night. Everyone he met was bowing and saying happy birthday to the King! He was as happy as a fat rat in a cheese factory!

Then it was costume judg-time. John and I went up. We had to parade around in followed. As soon as John got in the very middle of the floor he suddenly tripped on my foot and fell. As he was going down, he grabbed on to my cape and snatched it off breaking the snap. That kept me from falling on him. People came to his rescue and helped him up. ing and crowning the King and queen of the Mardi Gras John was dressed as King, and I was the Wooded Huntress. a circle dancing. Well John was the first to go and I fol-

The night was not over yet for King John. Little did he know that Dave, Tom, Betty and Merrilee Had a cake made for him. They had planned a little surprise birthday party in Dave and Betty's room for him. All he could say was wow what a night and this is the best birthday ever! So, we ate cake and celebrated some more until we got tired, and we all went to bed.

On Saturday we chilled out and visited the vendors. Saturday night was the closing ceremony. It was ticket calling time to win gifts and money. Chapter B racked up! Tom's number was called three times. He won three t shirts and a cap. Dave won a five-hundred-dollar gift certificate and king John won the grand prize of five hundred dollars cash! After that Dave wanted to go sing a karaoke song. So, we went listened to him, and hung out for a while. Then the crew headed to Dave and Betty's room to eat the rest of the King's cake. Then off to bed we went to rest for the long journey back home.

# RECIPES

## Bacon Biscuits with Strawberry Butter

### Ingredients

#### **Biscuits:**

- 2 cups all-purpose flour
- 1 tablespoon baking powder
- 1 teaspoon salt
- 8 tablespoons shortening
- $\frac{2}{3}$  cup buttermilk
- $\frac{1}{2}$  cup crispy bacon bits
- 1 tablespoon butter, melted

**Makes:** 8 biscuits  
**Prep Time:** 15 minutes  
**Cook Time:** 20 minutes  
**Total Time:** 35 minutes

#### **Strawberry Butter:**

- $\frac{1}{2}$  cup strawberry preserves
- $\frac{1}{2}$  cup butter, softened
- $\frac{1}{4}$  cup strawberries, chopped

## Instructions

1. Preheat oven to 425 degrees.
2. In a large mixing bowl, combine the flour, baking powder and salt. Cut in the shortening until the mixture forms coarse crumbs resembling small peas. Stir in buttermilk and bacon until just combined.
3. Roll out dough and cut into 8 biscuits (about 2  $\frac{1}{2}$  inches each). Brush tops with melted butter and bake for 10 to 12 minutes until golden.
4. While biscuits bake, prepare the strawberry butter. In a medium bowl, combine strawberry preserves, butter and strawberries. Stir until creamy and combined.
5. Serve biscuits warm with strawberry butter on top.

*Ladies, please submit some of your favorite Recipes to Merrilee so they can be used here in this section and we can share them with*

Over the years Chapter B has chosen the Lifestyle program as not only a great fund raiser but provides a good excuse to get together for a ride. You all know how much fun it is to enjoy a new place to eat in our area. Most locations offer a buy one and get one free so one card for each couple works best, individuals always get 1/2 off a menu item. The pocket saver costs \$20 and the chapter keeps \$6 of this for their favorite fund raising effort. The more the merrier as we schedule dinner rides using our Lifestyle cards,. We presently have sold all the cards we had earlier this year but hopefully we'll have them again next year.

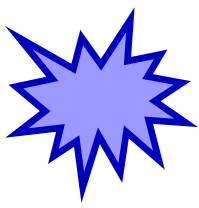

Call Wally and let him know your next suggestion for our next night out using our Lifestyle cards

**A suggestion for next Lifestyle night is May 19<sup>th</sup> , is El chico Café around 6:15 ish... number #46 on the foldout....**
