Happy Springtime! Also, time to dust off those bikes and get them ready for some warm weather and some time down the road. Looks like things are coming together for our Spring Fling, New Association, New location, new leaders, sure looks like an exciting beginning to the 2023 riding season. Our Chapter is growing and sure want to welcome all our new folks to Chapter B, the Sunsphere Wings. As you know we had to do some fine tuning to our Chapter B patch now that we are Eagle Wings Motorcycle Association. New patches are on order and, as in the past, it's been tradition to pass out each of our Chapter B members a new and improved Chapter Patch. Stanley has been busy getting some ideas for our official Chapter B shirt color. Always great to see a big group all decked out in their Chapter colors. Many have Vests that will need to be updated, we know those things take some time to get dressed up like you want them, especially at our big Spring event the Tennessee Spring Fling. Hope you all got your Registrations in, Rally time is just around the corner. Some deep thought has gone into ideas for our Chapter skit, looks like we may have 2 entries. Always fun to participate in whatever we come up with, fun time getting together and acting like kids again! The 40th annual Chapter C Steak Out is fast approaching so make sure you get registered, all you have to do is let Lorrie know how many Steaks and Bean Suppers to order for you, flyers will be available at our meeting and also from the web site www.tn-b.org Once again, we would like to encourage everyone who enjoys the Chapter life and all our fun and games to join the Eagle Wings Motorcycle Association; applications are available online or ask at our gatherings for an application, someone will always have one available. Our Chapter Picnic will be coming up soon also, so make sure you mark your calendars and get with Wally or Stanley if you plan on bringing your favorite Dish. I would like to thank Stanley & Patty in advance for taking over Chapter duties while we are out again for a short trip. See you all soon.

Tom & Merrilee

Assistant Directors

Assistant Chapter B Directors
Stanley & Patty Rinehart

Well Spring has sprung as the flowers are starting to bloom and the leaves are coming back out on the trees. This is always a great time of year unless you suffer with allergies, but the best thing is riding season is back. Now is the time to get that oil changed and give the bike a good looking over so that we are ready to go out and enjoy it all. We have several good things out of the gate and one of them is we are selecting our Chapter color. We had good feedback on the color selection and the plan was to take the top three selections and put them into a hat and let fate do it's magic but with that said we had two colors that were the overwhelming pick and there was not a close third place so we will be picking between two. The colors are Yellow like we have now or Gray, so it will be in fate's hands Tuesday night. Which ever color is selected will be the official Chapter B color so it will be time to put all the Yellow GWRRA shirts to the side and embrace EWMA Chapter B in our new color. We also have Spring Fling coming up at the end of this month and with the new organization getting started we all need to get out there and support them. There will be some good stuff going on, I have not seen a schedule but as of now I know they will have a bike show, a light show and the talent contest that Chapter B has entered with a Humorous and serious act this year, also there will be one of the Approved vendors that does the shirts and vest that will be there, I have talked with her so if you take your vest with you or shirts she can do them there or take them back with her and mail them back to you. We would like to see this color displayed proudly at all our Chapter events and show that Chapter pride. Another thing coming up this month is we have two Chapter rides and both look like great rides, one is too the Natural Tunnel VA. that I'll be leading and the other is the Foot-hills Parkway that Chris will be leading, both sound like great rides so get out there and get those bikes ready and let's get ready to have fun. Like always I look forward to seeing you Tuesday night.

Stanley

Happy Trails

Four Types of Riding Distractions

Riding season is upon us and I for one cannot wait for our first group ride. As part of making sure we are all riding safely I wanted to address the most common types of riding distractions and talk about how we can all make sure we don't fall victim to these distractions while we ride.

The first common type of distraction is visual. This is where we find ourselves looking at something other than the road in front of us. Target fixation can be a real problem when riding. Sometimes it is a driver who just cut us off and who we now are fixated on yet we are forgetting to look at the other cars around us. Our eyes must be constantly moving and watching the road in front of us while being aware of what is beside and behind us. Another visual distraction can be our GPS or our smartphones. Always make it a habit to never look at these for more than a second or two at a time and NEVER try to operate one unless you have come to a complete stop. Even when you are stopped at a red light you must be vigilant as to what is happening around you. The rule of thumb is to not mess with these things unless you are pulled off the road and at a complete stop.

Auditory distractions are also a real issue. Many of us have our favorite music we like to pipe into our helmets but this can be a big distraction if it causes us to not hear things around us or if a certain song causes us to ride more aggressively. Sometimes it is another loud vehicle which we hear and look at. That can take our eyes off the road in front of us.

Manual distractions are one of the most common causes of accidents. Most of us have Goldwings and they have all kinds of buttons and switches. When we ride, we must be very familiar with all of the basic controls on our motorcycles so we don't have to look down to find them. Obviously controls like clutch, brakes, shift lever, throttle, etc. have to be second nature but we must also know, without looking, where our other key controls are such as turn signals, high/low beam, emergency cut off switch, horn, etc. If you have to look down to find these while you are riding your eyes are no longer on the road and that results in distracted riding.

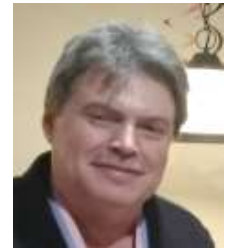

The last distraction is cognitive. You have to ride in the moment and there are times when our minds are not focused on the road in front of us but about something else. Maybe we are thinking about the argument we just had with our spouse (not me of course as Hedio and I never argue...lol) or maybe you are thinking about how bad your 401K is doing or the movie you just saw. Obviously, our minds will naturally wander however we must always be riding in the moment and not become too fixated on other thoughts.

In summary, let's focus on having a safe riding season and staying distraction free as we ride. Can't wait to see you all at our first group ride!

Scott

Technical Coordinator: Chris Harden

For several years now I have been writing this article and as riding season is up on us it is very important to look at your motorcycle as many things can happen to it while setting over the winter.

As I have been getting peoples bikes and trikes ready for riding season this year we have ran across several odd things like light bulbs burned out to spongy brakes or no brakes or needing oil changes or flat tires or installing the latest accessories and even a wiring harness chewed into by a rodent but for some reason this winter seems to have been hard on motorcycles. Know with this said I would like to remind people to take a couple of hours out of your day and look over your motorcycles to make for a better riding experience this year. Remember our first official ride of the year is in 2 weeks. For motorcycle riders, warmer days mean it's time to ride. If your motorcycle has been cooped up inside a garage all winter, you know that there are a few things to do in order to get it ready for the road. Having a motorcycle maintenance checklist can help ensure that you don't skip any steps.

Do motorcycles need a lot of maintenance?

The motorcycle driving experience is unique, but what about the maintenance? If you've been on the fence about getting a motorcycle, then you'll be happy with the answer. Motorcycle preventative maintenance is typically much simpler than that of cars. Motorcycles are smaller, have fewer parts that are easier to access, and are resultingly much easier to maintain. One point of maintenance many motorcycles require that cars do not is the chain. And the type of upkeep tasks they share are typically easier on motorcycles.¹

Motorcycle maintenance checklist

Before you take your motorcycle out for that first ride of the season, use this motorcycle maintenance checklist to help keep yourself (and those around you) safe on the road.

Start with fresh fuel¹

If you didn't drive your motorcycle all winter, the first thing to do is change the fuel. Gasoline gets stale when it sits in the tank too long. Use a siphon pump to get rid of any old gas, and then fill the tank with fresh fuel.

Change the oil

Just as you need clean fuel, you also need to change the oil and replace the oil filter before you take your bike out for your first ride. Neglecting this step can affect the performance and longevity of your motorcycle.

Check the battery life

Some riders disconnect their motorcycle batteries for the winter and recharge them every month or two. Once you reconnect the battery, you're probably ready to roll. However, if it's been sitting all winter long, you might have a dead battery on your hands. If it's a fairly new battery, charging it up is fine. If it's three or four years old, you may find it doesn't keep a charge, or you might have a hard time charging it. In that case, you're probably better off purchasing a new battery and playing it safe.

Check your tires

Tires are some of the most important parts of any vehicle, so they deserve your time and attention. Check their air pressure to make sure it's at a safe level for riding. You'll also want to check your tread to determine if it's still got enough depth to offer you sufficient traction. If your air pressure and tread are all set, then just look for any cracks or rot in the sidewall of the tires before moving on.

Inspect your chain

Your bike's chain is one of its most critical components, but constant exposure to the elements can cause it to deteriorate or become loose. Check it to ensure it's still tight and well-lubricated. You may need to clean the chain and reapply lubricant.

Technical Coordinator: Chris Harden

Get plenty of fluids

Oil and gas aren't the only fluids your motorcycle depends on. Brake fluid and coolant are important for motorbike maintenance, but they can sometimes leak if your bike is left standing for a long period of time. Double-check your levels and refill or top them off. Or, flush out the old fluids and replace them with fresh fluids.

Don't forget your cables

Oil and grease in your cable housing can dry up over time, and that can affect the performance of your clutch and throttle. Inspect your clutch, brakes, throttle, choke, and any other cables to ensure they're still responsive and not frayed.

Make your bike shine

As a final step, make sure you give your motorcycle a thorough cleaning. Not only does it protect your paint and make your bike look fantastic, but cleaning your bike frequently keeps it in better working condition²

[When should I service my motorcycle?](#)

You want your bike to be ride-ready at all times! So how often should you service your motorcycle? You'll need to change your oil and check your chain on a regular basis - every 6 months or 4,000 miles.

Your tire pressure should be checked more frequently, at least once a month. In the longer-term, you'll need to tune your carburetor and flush your cooling system (if you have a water-cooled engine) every two years or so. You can do much of this maintenance yourself for lower cost, however some may prefer to let an expert handle it. A professional should also be consulted if more severe issues like engine trouble emerge.³

[Motorcycle maintenance is an important part of staying safe on the road](#)

Following this motorcycle safety inspection checklist helps ensure your bike is ready to take on the road. Without a helpful service checklist to refer to, properly maintaining your bike over time can become more difficult. More so, not having a well-cared for motorcycle on the road becomes less safe for you and those around you.

RECIPES

Snap Pea Salad with Feta, Almonds, and Prosciutto

Ingredients

- **1 tbsp.**
- chopped fresh mint
- **1 tbsp.**
- chopped fresh tarragon
- **1/2 c.**
- plain yogurt
- **2 tbsp.**
- mayonnaise
- **1 tsp.**
- lemon zest, plus 2 tablespoons lemon juice
- **1**
- clove garlic, chopped
- **1 tbsp.**
- Dijon mustard
- Kosher salt and freshly ground black pepper
- **5 oz.**
- watercress
- **5 oz.**
- snap peas, trimmed and thinly sliced
- **2 oz.**
- Feta, crumbled (about 1/2 cup)
- **1**
- carrot, cut into sticks
- **4**
- radishes, cut into wedges
- **1/3 c.**
- roasted almonds, chopped
- **4**
- slices prosciutto, torn

TOTAL TIME: 25 mins

PREP TIME: 25 mins

YIELDS: 4 servings

CAL/SERV: 251

Directions

Whisk together mint, tarragon, yogurt, mayonnaise, lemon zest and juice, garlic, and mustard in a bowl. Season with salt and pepper. Toss together watercress, snap peas, Feta, carrot, radishes, almonds, prosciutto, and half the dressing in a bowl. Serve with remaining dressing alongside.

Tip: When you prep snap peas, you'll want to remove the tough "string" that lines the outside edge. You can find stringless varieties and some stores sell them already trimmed, but we find that, if you put a little music on and give yourself about 5 minutes, it's an easy, dare we say meditative task. Just snap the very tip off one end of the pea and start pulling. You should see the string unzip from the inner side of the pea. A paring knife can also help.

Ladies, please submit some of your favorite Recipes to Merrilee so they can be used here in this section and we can share them with all our Chapter B members

Couple of the Month

Roy and Joyce Jennings

Roy and Joyce Jennings have been married for 53 plus blessed years. They met in the month of November and the next August, they decided to join in holy matrimony. As Joyce Puts it, when you know you know! They both knew that they had met their soul mates. So why wait any longer. They have one son, one daughter and five wonderful grandchildren. Roy and Joyce both are from East Tennessee. Roy is from Fratersville, and Joyce is from La Follette.

Roy served in the Airforce and Tennessee Air National Guard for 36 years retiring as Chief Master sergeant and Vehicle Maintenance Supervisor. Joyce retired from Tennessee State Parks and worked another six years as secretary at Clinch River Baptist Church. Roy and Joyce have been members there for 41 years.

They joined Chapter B in 2010 after buying their first Goldwing. Joining Chapter B has been such a blessing in their lives. They have gone many places they would not have gone, and seen many things they would not have seen, and met many wonderful friends they would have never met.

2023 Americade 40th ANNUAL MOTORCYCLE RALLY

Chapter B will be planning to attend this event next year, make your plan to join our group

Ride to Americade/Niagara Falls

We will depart the Caryville Shoney's at 0800 on Friday May 26th en route to Americade . See: <https://americade.com> for information about the rally.

Many of you have expressed interest in seeing Niagara Falls so we will replicate the trip made in 2019.

We will spend Friday night on the road in the Mansfield Ohio area (hotel TBD) to arrive at the Residence & Conference Center on the campus of Niagara College. (<https://stayrcc.com/locations/niagara-on->

The Residence is all 2 bedroom suites with a living room, and shared bathroom; Very large rooms and plenty of free parking.

Check in will be Saturday afternoon May 27th for 3 nights. There is plenty to see and do in Niagara on the Lake including a special ice cream diary not far away—no tourists.

We will leave for Lake George New York on Tuesday morning, staying at the Howard Johnson by Wyndham, 30 May-3 Jun. wyndhamhotels.com

I strongly suggest you reserve the Howard Johnson in Lake George, and Residence and Conference Center ASAP.

Confused or questions?

Dave Roberts 865 748-9738

AMERICADE - OOP

I completely forgot about the Chapter Picnic on June 3rd, as I planned the Americade trip. In order to get back in time to attend the picnic, some changes will have to be made. A short meeting will be held to discuss alternatives, after the conclusion of our regular Chapter meeting next Tuesday.

Call me if you have any questions or concerns.

**Dave
865 748-9738**

The Wild Boar

We had a great turn out to our Thursday night dinner ride. It was a lot of fun, the food was good and we also had live music. Great choice. We had 27 members come out and enjoy the evening together, we even had a little spring fling practice going on. We look forward to the next one.

Items For Sale

Send us your For Sale items or Wanted to Buy items. Pictures and a full description with price always helps.

**Ride off Centerstand, Baker Built. Fits 1500 or 1800
Never used. \$99 (Regular \$179 plus tax & Shipping)**

Men's XL, Ladies Sm. \$175 each set.

Let's Get signed Up

For those who have signed up and Joined our new Association you will be given a member number.. Several have joined before the cut off date and will be considered a Charter member. Please forward your number to Stanley so we can build our member roster. Our new association will take awhile as it grows and will eventually provide individual Chapters this information . This information is also needed so we can make up new membership drawing tags for our member drawing each month.

It may take several weeks to get your new membership number, I joined several months ago and just received notification of my numbers in an email and they followed up by sending my member card a couple weeks later. Tom's new number is 976 and Merrilee's new number is 976-01. You can access a membership application from our tn-b.org web site. Please contact Tom or Stanley if you need any assistance completing your application for the EWMA

Lets Celebrate

Forward your membership numbers to Stanley after you receive them from National as we build our member roster moving forward with our membership drawing at each chapter meeting.

Eagle Wings Motorcycle Association Team Structure

This is intended only as an example as to what we have envisioned how this new Association would look like.

CEO/ President

International Team:

Vice President of Operations, Vice President of Safety/Ride Coordinator, Vice President of Finance and Vice President of Special Operations

Regional Team:

Regional Director, Regional Safety/Ride Coordinator, Regional Treasurer

District Team:

District Director, District Safety/Ride Coordinator, District Treasurer

Chapter Team:

Chapter Director, Chapter Safety/Ride Coordinator, Chapter Treasurer

The Directors would be appointed by the Director above them and the Director would appoint their own Team with approval of the Team above them, like the Chapter SRC would be appointed by the CD with approval of the DSRC and so on.
