From Your Senior Chapter B Directors
Tom & Merrilee Peck

Hi Everyone,

Seems like this summer has flown by, here we are going into August and it's usually the hottest month of the summer time. Thankful for the Lake because riding in this heat is not as much fun as could be. The best way to deal with the hot summer days is to do your riding in the late afternoon. Still lots of daylight after the sun goes down to enjoy your motorcycle adventure.

Wing Ding for 2022 has been announced as WD 43 moves to Shreveport, Louisiana. I have already made my reservations for next year and hope many of you will do the same. As always we will plan a Chapter B group ride and make a fun trip down and back for everyone. Consider marking your calendars for the end of June and the July 4th time period and join us for the Annual Gold Wing convention.

Chapter B has a special incentive for attending Wing Ding, we have had 3 winners of the Gold Wing Grand Prize in Chapter B since 2007, just ask Diane Skeens if she ever thought she would ever have her ticket drawn for this year's Grand Prize.

If you do venture out in the hot weather make sure you take the necessary precautions to keep yourself hydrated. There are several methods you can take advantage of, one always drink plenty of water, 2 take several breaks, 3 cover up, you would be surprised how keeping your bare skin in the shade really helps and last a Dairy Queen stop will always cool things down!!

Special Reminder: Stay Hydrated drink plenty of water. Your life depends on it.

Tom & Merrilee

Assistant Chapter Directors

Assistant Chapter Directors

Stanley & Patty Rinehart

I hope everyone is finding ways to escape the heat, it's temps like the ones we are having that makes it tough to get out and ride, but if you do, make sure you stay hydrated. Patty and I have not had much of a chance to ride but with the heat that we have been having not sure I would hold up very long anyway. As far as the ride schedule, there are plenty of open spots for August so hopefully someone has a suggestion for a ride; if so, just get with Wally and he can make it happen. I want to thank everyone that made the trip last weekend and captured the East Tennessee Traveling plaque from Chapter T. I had really wanted to make this one but work got in the way again. Chasing the Plaques can be a lot of fun and a good chance to catch up with friends or make new ones from other Chapters and, if I'm not mistaken, Chapter T also has the Tennessee Traveling plaque so we may have the chance to grab another one. We will be making the East TN Traveling Plaque available for capture at our September meeting, again thank you to all that participated. We were able to go to one of the dinner rides a couple of weeks ago, the Tannasi Bar and Grill in Loudon, it was a nice selection from Emily and it made for a nice afternoon with a really great bunch of friends and anytime we can mix food and Chapter B together it's going to be fun. If anyone wants, they can pick a place to go from the Life Style cards and get with Wally to set it up. As always, we look forward to seeing everyone at next week's meeting.

Chapter B Couple of the Month

Who are Bert & Judy Truax?

We both were raised in the state of New York. Bert was a country boy who loved cars. Racing, driving, building and anything fun. Bert put his love of cars into learning how to be a mechanic of many sorts. He also drove many types of vehicles. His jobs allowed him to move around a lot to Tennessee, Alaska, Alabama, Florida and back to Tennessee. Bert has two grown kids, a son here in Knoxville and a daughter in Florida. Both of his kids deal with automobiles in some fashion like fixing or selling (new).

Judy on the other hand studied Art in high school and sought the military to help finance her college education. Judy spent 10 years and 8 months in the Marine Corps, so her college degree took a back burner. She traveled to California, Hawaii, and Tennessee all with the military and civil service jobs. She married a TN transplant and decided to settle here to raise her two now grown children. Both have settled in the East TN area.

Bert and Judy met through a family member about six years ago and realized they had a lot in common and enjoyed each other's company. Bert was divorced for about 7 years and Judy was a widow of 5 years. So jokingly we talk about a country boy meeting a city girl both from NY here in TN. Our joint interests are traveling, crafting in his shop, caring for our fur baby, and camping.

In our retired years we work on various projects. Bert will still tinker on any kind of motor but has picked up woodworking. He also likes to build 1/5th sized Remote Controlled vehicles. He loves to fish go camping and of course ride his motorcycle. Judy loves to craft in many different areas, walk for pleasure and health and spend time with family. I am OK just being a passenger on the motorcycle, but I also love to go explore and go on more rides.

John and Doretha's Adventurous Colorado Trip June 16-27, 2021

What an exciting trip it was for us! Never in our lifetime have we ever taken a trip like this in a car! But we were determined to do this brave thing on a motorcycle! So, on June 16, 2021, at 1:00 pm, in the heat of the day we started our adventurous trip with this guy they call Slappy Dog, our leader! We started off with four motorcycles and five people. We picked up some more people in other states and ended up with ten bikes and eleven people. All of us were Goldwing Riders. Our destination was Colorado, Springs to the top of Pikes Peak!

So off we go not knowing where we will stay or when we will stop! Because of this reason John was determined to ride close behind Slappy Dog. He said he was not going to get lost because we had no idea where we were going. Only Slappy Dog, one other person and we had communication. We three were up front together. It was too bad for the people in the back! If you got lost sorry for you! That did happen to the same guy twice. A Long story short but we got him back. Those were alarming moments!

We rode a long hard 10 hours our first day. We went through 5 states, Tennessee, Georgia, Alabama, Mississippi and landed somewhere in West Memphis, Arkansas where we looked for shelter. On June 17th we hit the road at 5:00 am. Rode 475 mile to Lawton, Oklahoma. We bunked down there for the evening, Slappy's brother entertained us with food, drinks, and music. We had a grand time.

On June 18th Kickstands were up and off at 6:00 am. We rode 447 miles through Texas, New Mexico and landed in Trinidad, Colorado.

On June 19th Kickstands were up and off at 6:00 am. After driving 135 miles we hit our destination Colorado, Springs! Our rooms were not ready yet, so we dropped the trailers and headed to the beautiful Pikes Peak Mountains. The scenery was gorgeous and breath taking up there. I really mean breath taking! The air was thin up there I couldn't breathe and was dizzy. The ride up was steep with two lines. All the motorcycles got hot. There were no railings beside the high mountain drop off. It was scary, exciting, and beautiful all at the same time! Looking from the top of Pikes Peak is an indescribable beauty.

Another interesting thing happened on the Peak I will I never forget. I dropped my cell phone in Portable toilet! Now, you know what that was like. My first instinct was to get my phone! My husband just looked at me like you are on your own. I reluctantly got it out. After all that it did not work anymore. So, I bought a new one. We spent several days riding through and around the Colorado and Utah Mountains. Looking at the wide-open view from a motorcycle is unexplainable! The different colors, heights, widths, sizes, shapes, carvings of the mountains and rocks all had their uniqueness. Riding the curvy, winding roads through all this beauty God made, viewing high peaks, low valleys calming creeks, gigantic boulders open dusty plains, with the wind blowing on us brought such freedom, peace, and tranquility.

From June 16-27 we rode 3,994 miles. We averaged riding about 8-10 hours per day. We went through 13 states and stayed 12 different places. We had bear encounters, lost and sick people, break downs, people needing to use the restroom in the middle of nowhere, mad people, scared people, fun people, happy people, laughing people and one beautiful female! Every night we had to scrounge around to find rooms! Despite it all We had great fellowship with lasting memories. Through it all I will sum it up as a most adventurous, exciting, astounding ride!

Helen Ride Sept 24th, 25, and 26th

Our first overnight ride for the year is scheduled for September 24, 25, and 26 to Helen, GA. We will leave from the Weigel's in Lenoir City at the corner of Hwy 321 and US 70 at 0830 Sept 24, please have tank filled, bladder's emptied and a smile on your face's. We are staying at the Cornelia, GA Hampton Inn, I have a contract for 20 rooms and 15 of them are booked. We have a rate of \$125 per night and have till September 10 to keep this rate, and have a cancellation date of September 22nd. This trip is scheduled during Oktoberfest around the area, I don't think the color will be showing but am pretty sure the temperature's will be milder.

The route will head down 411S to Hwy 64/74E heading toward the Ocoee River (beautiful) to Cooper Hill, and then head down GA 5 to Blue Ridge, GA. Here is "da idea", we stop at Blue Ridge Dam and have a "Pick a Nick". I would like to do a old time "Pick a Nick", we will have a menu, where everyone brings "a" item, such as a loaf of bread, or pack of cheese, or mayo, etc. and individually wrapped chips and maybe someone will bring homemade cookies. So one person is not loaded up will lots of stuff to bring. After our pick a nick we will head down hwy 60, gentle ups and downs and turns to hwy 180 at Suche's GA and head up to "Brasstown Bald" State Park, you can look up on their website. We will park at the bottom of the Bald, it was \$3 per person admission, and take a bus to the top, or you can walk a .6 mile trail with benches to the top, (not me) good idea to bring camera's. The only problem is, when we went there yesterday, the bus to the top was stopped due to the Covid-19, I will check with office to see if it is open at ride time. From the Bald it is 12 miles to Helen and 20 minutes to Cornelia. We will check in to the Hotel, and rest, and I have a suggestion to eat at the Mexican restaurant that is about 100 yards walk from the Hotel. We have eaten here before, great food and Margarita's are awesome. Cards afterwards if everyone is up for it.

On day two, we will get a quick breakfast, should be a full one, and head to Helen early, where the parking is plentiful, there is a \$2 dollar honor system for downtown parking. There are a few places that are a must and one is the Hensel and Gretel's candy shop, all home made and you gain five pounds just walking in to the store. We can wander around and maybe gather for lunch, one suggestion is the Troll restaurant, which has enough room to seat all of us and clean restrooms. There also is one thing to think about, what time is the Vols/Gator game, afternoon or evening, some may want to head to the Hotel to watch the game, other may want to ride around the area. There are some great waterfalls close and some great little towns, such are Dawsonville or Dahlonega to ride to. Depending on what time the game is, presents us with options for dinner, if the game is evening we could order pizza's and watch the game in the lobby. If a restaurant is warranted then they have a Longhorn really close to the Hotel or other places as well. You can go to "TripAdvisor" to Cornelia restaurants to check out what they have.

Day three, John T and I need to get some more Vidalia Onion Steak Sauce, and we can eat at the Dillard House, (check out their website) the draw is either an awesome breakfast or early brunch. Then we will head to Cherokee and top off and head over the Smokies to either Townsend or Gatlinburg which is either closest to your home. This will be a slow and fun paced ride, which I am calling the "stretchy pants ride", no counting points, we will eat good and have a great time.

Wally

HOST HOTEL

Ramsey Hotel and Convention Center
3230 Parkway, Pigeon Forge TN 37863
For Reservations Call

865-428-2700 or myramseyhotel.com

Rate is \$150 / night for two Queen, or one King bed

#1 The Engraver !!! #1

- Engraved Name Tags, Bike Plates, License Frames, Maps, Name in Lights and much more – Because we carry such a wide array of logos and pins, we can custom engrave name tags and other engraved items for GWRRA, all Armed Forces and other groups such as Masons, Shriners, Patriot Guard Riders, Blue Knights, Red Knights, Buffalo Soldiers MC
- License Plate Frames for Motorcycles, Trailers and Automobiles- Custom engraving to support your group, sports team or just to personalize your plate.
- *Chrome Knob Keys and Spare Keys We only use GL1800 or GL1500 chrome radio knobs to make our knob keys. We also make a flat spare key that easily hides away in your wallet or on the bike. We are the "Home of the Original" chrome knob key for the gas tank and pouch. Also available in smoke chrome.
- Medallions- Couple and Individual of the Year medallions. These medallions also make great awards for student, athlete and employee awards! Couple of the Year name tags are buy one, get one free. We now carry the GWRRA COY/IOY pins and hangar bars.
- Military, and Fraternal Organization Pins as well as GL 1800/GL1500 Bike and Trike Pins
- **Pin-Locs** – Locks pins or tags with military posts onto vests etc. We now also carry the "no-poke you" type in silver and gold ***Never lose a pin
- Plaques, Trophies and Signs - Custom trophies, plaques and signs (Up to 8"x10"). These plaques can be used to honor your Couple or Individual of the Year as well as honor the service of outgoing directors of your chapter, district or region.

CHECK OUT AND LIKE OUR NEW FACEBOOK PAGE. @thEngraver I will be posting specials and examples of our work on this page.

In addition to adding our vast array of pins on our website, you can also now see us on eBay where our pins are and will be added to site over the next few weeks.

PLEASE NOTE: If you do not see what you need listed on our website, please email us or call. If you are interested in carrying any of our items at the Chapter, District or Region goodie stores or rallies, please call us for special pricing.

Joanne 561 239 2307 Website: www.thEngraver.com Email: ThEngraver@aol.com

We are Lifetime GWRRA members and have been honored by GWRRA for more than 25 years of support and loyalty to GWRRA Wing Ding event participation! See our ad in GWRRA Wing World magazine.

Happy Trails

August is usually the hottest month of the year and brings special concerns for us in motorcycle land. Car and truck drivers will be isolating themselves from the heat with "rolled" up windows and air conditioning keeping them comfortable. Also, they are more likely to come into your lane as they're not hearing most outside roadway sounds. I've also found that many newer cars with blind spot monitoring devices DO NOT recognize motorcycles.

Another problem we face here in East Tennessee are the Moto-tourists coming from outside of our region and often not paying proper attention to the roadway and having more concern looking for various attractions. Watch out for those RV's, cars, and vehicles with travel trailers with out of state license plates. Sudden lane changes, etc. should be on your mind. Remember, in the motorcycle world **SIZE MATTERS!**

Above all, we need to keep that extreme heat in mind. Carry a soft cooler with bottles of cold water to stay hydrated. Heat exhaustion and heat stroke can happen quickly. Wear ventilated armored riding jackets for protection from the roadway as well as keeping your forearms covered to prevent rapid dehydration. Different types of cooling wraps and evaporative cooling vests under your jacket will also help keep your body temperature normal. Often, frequent breaks when the temps go to 85 and above makes for a much safer ride.

Until next time, ride safer

Technical Coordinator: Chris Harden

Trike Suspension :

More and more people are converting to riding trikes instead of 2 wheels and with this come some interesting challenges. To begin with a trike modifies the original intent of a motorcycle meaning they add on to the motorcycle to make it work. When they do this most manufacturers bolt a kit on the rear, the key word is bolt on so after a period of time and moving around the bolts can work loose causing a loose feeling in the rear suspension. The big problem is, this can come on so gradually that you will not realize it until it's too late and damages something or breaks a link or support. What is recommended by the industry as a whole is to, at a minimum, 1 time a year to try to resecure the bolts holding kit to frame and check any supports on the kit and differential mounting bolts. This could make a big difference in how it drives and handles.

Tire pressure on a trike tire is different than 2 wheeler in the aspect you' re running two car tires on rear design for the weight of a car, so to soften the ride and keep the bounce out, it's recommended to have rear tires set on 20-22 lbs. and Tom and myself have had several discussions about front tire pressure on the front of Goldwing's and found the ideal tire pressure is 42 It gives a good steer feel and improves tire wear about 25% .

RECIPES

Submitted by Patty Rinehart

Ladies, please submit some of your favorite Recipes to Merrilee so they can be used here in this section and we can share them with all our Chapter B members

Layered Pudding Delight

Ingredients:

14 whole graham crackers

1 Pkg. (6 serving size)
JELL-O Brand
Vanilla Flavor instant
Pudding and Pie filling

2 cups cold milk

1 Cup thawed Birds Eye Cool Whip
Whipped Topping

1 Can (21 OZ) Cherry Pie Filling

Line 9-inch square pan with Whole graham crackers
Breaking crackers if necessary.

Prepare pudding mix with milk as directed on package for pudding
Let stand 5 minutes then blend in whipped topping

Spread half the pudding mixture over the crackers

Add another layer of crackers, top with remaining pudding mixture
and crackers Spread cherry pie filling over top layer of crackers.

Chill 3 hours.
Bon Appetit

Over the years Chapter B has chosen the Lifestyle program as not only a great fund raiser but provides a good excuse to get together for a ride. You all know how much fun it is to enjoy a new place to eat in our area. With the pandemic we experienced last year it pretty much shut down our Restaurant Rating activities. Most locations offer a buy one and get one free so one card for each couple works best, individuals always get 1/2 off a menu item. The pocket saver costs \$20 and the chapter keeps \$6 of this for their favorite fund raising effort. The more the merrier as we schedule dinner rides using our Lifestyle cards, hope you all participate again this year.

I will have extra cards available at the Dinner outing, you may purchase your card then.

Call Wally and let him know your next suggestion for our next night out using our Lifestyle cards
