From the left Uncle Jed & Cousin Pearl at Spring Fling and the Chapter B Clan 2021, as the Beverly Hillbillies. What will Spring Fling 2022 bring????

*Hi Everyone,*

*As you can see from the picture above we are already thinking about our skit for this year's Spring Fling. Stanley has already got some ideas to kick around for our routine this year; let's have some fun!*

*January is just about in the books and did we ever get a jump start this year already. Decided to do another gun raffle, got our new lifestyle cards and made a big leap forward with our Ride planning meeting. On top of that we were able to capture the Tennessee traveling plaque from our friends at Chapter T on the 11th. Just missed the Couple of the year plaque and the winner at Chapter A2 was not able to offer it up due to some nasty weather the night of their meeting. Already making plans for our new Chapter Couple Jerry & Sonya to capture it at their Feb 21st meeting, hope some of you can make it with Jerry & Sonya.*

*It's hard to imagine being out on the Goldwings when it's so cold and there is snow on the ground but good riding weather will be here before you know it. Already, several are planning the first bike trip of the Spring and will make the trip to Louisiana where the District will be having their annual rally there in Morgan City. Over the years the Louisiana rally has proven to be one of the best, always a great excuse to get out for the first time in early April to blow off the cobwebs and open up the riding season. Flyers are attached to this newsletter. Make your reservations and join us for a nice easy ride down South and Chapter B will make a grand entrance to the Mardi Gras party. Rally over the weekend, guided rides, etc., and we head back Sunday, spend the night on the road and arrive back in the Knoxville area Monday. Join us, the more the merrier!*

*Tom & Merrilee*

# Assistant Chapter Directors

Assistant Chapter Directors  
**Stanley & Patty Rinehart**

*As we are getting the new year started, we are doing as we always have by getting some rides scheduled for the year. We want to thank Tom and Merilee for hosting the ride planning event once again and it sounded like it was a lot of fun. Unfortunately, Patty and I were not able to make it so I am really looking forward to seeing what some of you have come up with. One of the other things that we also need to get resolved for the new year is filling the last open position on the Chapter staff. As all of you may know we had two positions open that needed to get filled, one was the Happy Trails corner and the other is Membership Enhancement. We are very pleased with Scott Wiens stepping up to take on Happy Trails, we know he will do great with it and look forward to his contributions in our upcoming newsletters. The other position of Membership Enhancement is still open and may be one of the most important positions in GWRRRA and we are really looking forward to someone stepping up and taking on this position. It's very rewarding to be able to serve and give back to the Chapter and GWRRRA for all they have given us, the chance to make new friends, have new adventures and have people you can count on to be there to help if you need it. If you are interested in taking on this position, then see Tom or myself. As always, stay safe and we look forward to seeing everyone at Tuesday's meeting.*

Chapter B will once again raffle off a Gun for our annual fund raiser. Tickets are available for all our members to sell. Tickets are made and stapled together in books of 10 or 5. We will sell 1 ticket for \$5.00 each or 5 tickets for \$20.00.

Scott will pass out the tickets and keep track of how many you sign out. We plan to offer the tickets throughout the year and there will be a final tally and ticket draw at our September 6th meeting. There will also be prizes for the top 3 ticket sellers. If each of us sell 2 books of 10 tickets, our raffle will be a success. As always, a large portion for the proceeds will go to St. Jude Children's Hospital. We appreciate everyone's help with this project and thank you all as we move into the new 2022 year.

Introducing the game changing P365. Micro-compact everyday carry size with unprecedented 10+1 full-size capacity. The P365 is striker-fired, with the clean crisp trigger pull you expect from a SIG. Lightweight and easy to conceal, the P365 is chambered in 9mm and is rated for +P ammunition. Included standard are XRAY3 Day/Night sights, a 10-round flush fit magazine, and a 10-round extended magazine. An optional 12-round extended magazine allows you to bring the total capacity to 13 rounds. The new P365. Scott will handle the paperwork for the winner!

See Scott or Amy, our Special Events Coordinators, to sign out your tickets; remember you have until Sept 6th to sell them and then turn in your sold ticket money with stubs and any unsold tickets

# Happy Trails

*Ride Like You're Invisible!*

*I'd like to introduce you to **Scott Wiens** and of course his wife, Hedie. New to Chapter B they will be writing an article called Happy Trails. Jerry decided to take a break so a Big Thanks Scott for stepping up to help cover some safety aspects in our sport that is so much needed. Tom*

In 1992 I was riding my 86' Goldwing (Clyde) in a rural part of Central Florida. My wife and I lived in Texas at the time and we had ridden to Florida to see family. I was riding solo on a nice rural two lane road and was making a turn to my left. The oncoming traffic turning on the same highway had a designated turning lane to the right with a yield sign to yield to traffic (like me) turning onto the same highway. As chance would have it, a minivan was coming from the other way and turning onto the same road. I had the right of way...they were supposed to yield. Notice I said 'supposed to' yield. As I made my left turn I was carefully watching the minivan navigate their turn. The woman driving the minivan made her turn and as we came parallel to each other she turned her head, looked me directly in the eye and blew right past the yield sign cutting me off. I hit the brakes, the horn and shouted something that definitely wasn't 'Jesus Loves You' (I've repented since).

As I continued to follow the minivan into town my heartbeat slowly calmed down, my anger ebbed away and I suddenly recalled the words the previous owner of my Goldwing said to me when he sold me the bike; "Ride like you're invisible!"

I learned that day his advice was true! It doesn't matter if the driver of a vehicle sees you and even if they make eye contact with you, you must always assume they are going to act as if they don't see you. I remember relaying this advice and story to a younger, novice motorcycle rider. He got a little indignant at the conclusion and responded; 'But you had the right of way!' My response to him was 'So?' I went on to explain to him that if I had claimed my right of way I'm confident the police would have ticketed the lady in the minivan whose vehicle would have a slight dent in the driver's side and I would be probably be laying in a hospital bed with physical injuries and a totaled Goldwing. The claiming of that 'right of way' would not be worth the price! On a motorcycle we can't prove a point with other motorists...it almost always ends badly for us.

I realize that our GWRRA chapter is filled with many experienced riders who know and live by simple but critical riding principles such as this and each one of you can probably tell even more harrowing stories of how this principle and others saved your bacon. I just wanted to share it as a reminder to all of us to ride like we are invisible and stay safe.

On a personal note, I'm grateful to be given the chance to write the Happy Trails articles for our newsletter. Thanks again for welcoming Hedie and I into the GWRRA Chapter B. We can't wait for the first ride of the year!

# Ride Planning Meeting 2022

Saturday January 22nd, everyone showed up for our annual ride planning meeting again being held at Tom & Merrilee's place out on the lake. Never

fails, someone always get lost and usually finds the extra scenic route to get there. Plenty of eats and a huge pot of Merrilee's home made chili just about made the day. Of course some of our favorite sweets were plentiful.

Lots of discussion on various ride destinations and many suggestions as to where and when. As it turned out we decided it would be better for all of us to write down our ideas and send them to Wally so he could plug them into our schedule to be posted soon. Keep your eye on the "Ride

Schedule" in our Web site. All the rides will be posted with details to follow as the ride date get closer. Always good to last minute check so you have the latest updates.

Thank you all for participating and adding your ideas to make the 2022 riding season another success.

## Technical Coordinator: Chris Harden

The biggest problem with Goldwing and Spider saddle bags like every bike or trike has is adjustment to lids and trunk covers. When they get out of adjustment they will indicate a trunk open or left or right side saddlebag lid is open. There are several things we have found that cause this. The most common is the striker hooks come loose and move. A person one time showed me the simple way at set is to pull down on the striker as you tighten the screws the small amount of slack makes it fit almost perfect. Also another issue we have run into is bolts stripping out where the screw goes into the plastic. We found a small amount of plastic epoxy and put some in the hole, spray WD40 on the screw, screw in, and let set overnight. Then next morning, unscrew your screw and mount the striker in a fresh new hole. Another problem found on trike trunks is the type of articulating hinges, If they get out of adjustment it will cause it to drag on the striker or in some cases make you think it's staying locked. The tolerances are so tight there is very little room for error so it's vital to align and check alignment regularly and lube hinges and strikers and latches. It's important to remember that when you get to a destination and want your favorite hat or a brush to brush your bald head or a drink out of a cooler it's nice to know you can.

**Multi-display**

**Travel Trunk & Saddlebag Open Indicator**

This indicator turns on when the ignition switch is ON and your motorcycle's travel trunk or saddlebags are open.

If all compartments are not fully closed, the display will blink OPEN and indicate the open compartment(s).

## ***Scott and Amy Seal***

Scott was born in June 1966 in Lafollette, Tn and graduated from Campbell County High School in 1984.

Amy was born in October 1967 in Lafollette, Tn and graduated from Campbell County High School in 1985.

Scott and Amy first met when Scott was dating a cousin of Amy's back in middle school. At that time, Amy could not stand Scott. Scott ran track in high school and Amy ran track in middle school. Scott saw Amy at a track event held at the high school. They talked which started off a romance story. Their best friends were trying to get together so Amy and Scott decided to try also. They began dating in his senior year. Amy's cousin was history by this time.

In October of 1984 Scott joined the army. He started basic training in January of 1985 and graduated in Spring of 1985. Amy attended Scott's graduation with his mother.

Scott asked Amy to marry him prior to her coming down and he bought her a ring. He attended her senior prom all decked out in his uniform and celebrated like all prom attendees do. He went back to Ft. Bragg and came in on weekends when possible. They got married September 20, 1985. In February 1986, their son Brandon was born. Scott and Amy lived with one of his sergeants until he left for Italy in June of 1986. Amy moved back home to live with her parents until Scott could bring her and Brandon over in September of 1986.

They went over and got a place outside of Vincenza, Italy where Scott was stationed.

## *Scott & Amy continued*

Chapter B Couple of the Year 2013

Officer Training Program 2010

October 1987 Amy and Brandon went back to her mom's house until Scott got orders for Ft. Campbell, Ky. They stayed in Ft Campbell, Ky until August 1990. That is when Scott was sent to Desert Shield/Desert Storm.

Amy was working fast food restaurants at the time. Their daughter was born in December 1990. Scott was not able to be there for her birth.

Scott returned from Saudi Arabia in April 1991. He was greeted with tons of love. His daughter came to him even though she had never seen him in person she knew that was her dad! They stayed on post in government quarters until December 1991 when Scott received orders for Korea. On this trip Scott could not take Amy and the kids. It was hard for Scott to leave the family he loved so much again. But duty called.

With the drawbacks in the military, Scott was forced to get out due to the cutbacks and no available time to retrain to stay in. He left the military in early 1993. He worked at Industrial Machining and Signs until He joined the IBEW as an apprentice. Amy was back working at Wendy's. She got her dental assistant license in June 1995. In October 2002 Scott hired on at TVA and has been there ever since.

Scott and Amy joined GWRRA in 2009 and have loved it ever since. They have six grandkids. Mikiah, Jaiden, Easton, Abygail, Maggie and Tylee. They own a 2010 Goldwing. They love spending time with their motorcycle group, grandkids, and three dogs.
