Happy
New Year

Happy New Year Everyone, hope the new year brings much happiness and good tidings to you all. By now the holidays are over and we can dream about spring time when we can get back on the bikes and do some riding. We have our annual Chili Cook Off coming on the 21st so we will all be busy out getting door prizes and maybe even some auctions items.

As we start the new year we haven't finalized our ride and event schedule for the year. Time crunch didn't allow much time to get together and do the necessary planning as we usually do. We'll get together at our house on Saturday February 4th and make some more progress on our planning. Details following in this newsletter.

Once again plans are being made for a trip to Texas in August/September to Grapevine near the Dallas/Fort Worth area for our annual Goldwing convention. Kathy has booked 4 rooms and she can give you all the information if you plan to go. Always fun to ride out as a group and enjoy the festivities together as a Chapter. Now is the time do get your registration and rooms arranged, labor day week will be here before you know it.

Spring Fling is just around the corner also and we need to finalize our lodging in the Pigeon Forge area. Final payments will be due in March, and we still have one more room available—see Kathy. Lots of things to think about and plan, always helps to get this done early in the year. See you all at Chapter meeting.

Tom

Meet our new Assistant Chapter B Director

Hi Everyone!

Tom and Kathy asked if I would introduce myself as the new Assistant Chapter Director, so here goes! My name is Vickie Litterell, and I am a USN Retired Chief Hospital Corpsman of 24 years.

My first bike was a Honda Shadow VLX, then due to circumstances, upgraded to a 2008 Gold-wing trike.

I met JoAnn Smith at a car show a couple of years ago, where she had her gorgeous trike on display. She told me about Chapter B, gave me a card, and in September 2014 I became a member of GWR-RA.

I have a daughter Andi, and son Joshua, who Kathy lovingly nicknamed our Chapter Brat. Josh doesn't mind though, because he has really enjoyed getting to know everyone as much as I have while going on rides and the camaraderie while participating in the fundraisers.

This year Scott and Amy Seal needed to step down due to work conflicts, and Tom asked if I would be

willing to step up. These are some really big shoes to step into, but I was sure that all of the Chapter members would help guide and assist, so I accepted. With that being said...if anyone has any new ideas or thoughts concerning the Chapter please feel free to contact me via email: valitterell@gmail.com or phone: 901-598-0205.

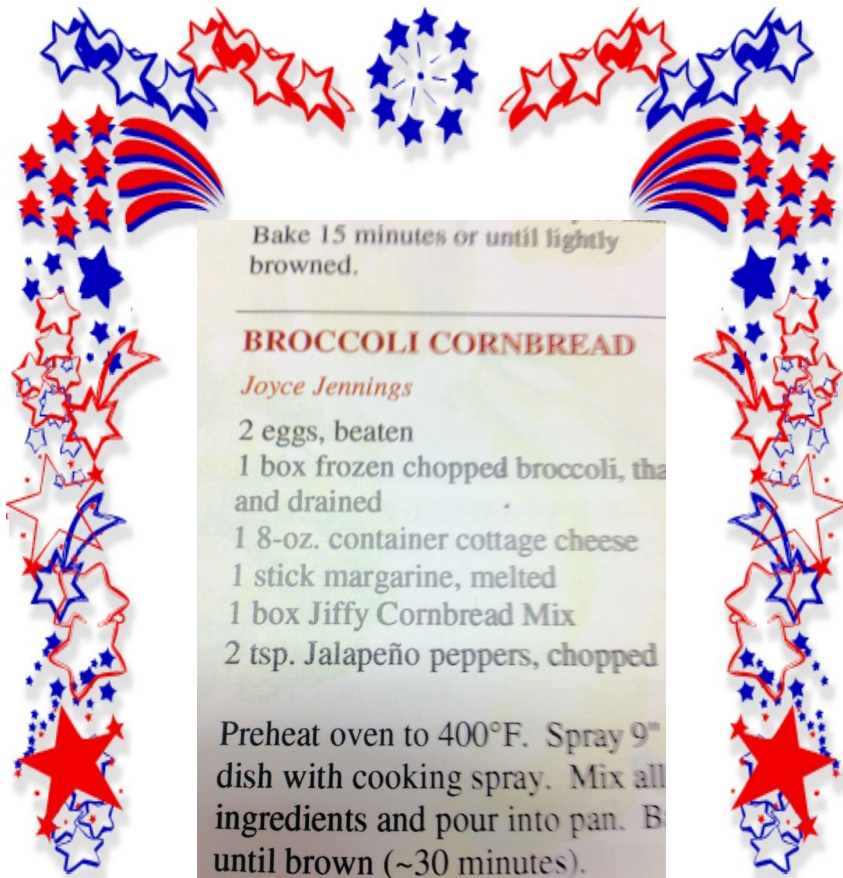

Also wanted to put the word out that I now have a heavy duty machine capable of sewing on patches, and a 15-needle industrial embroidery machine (still learning all the nuances...this thing requires an air compressor to operate the cording device).

Vickie

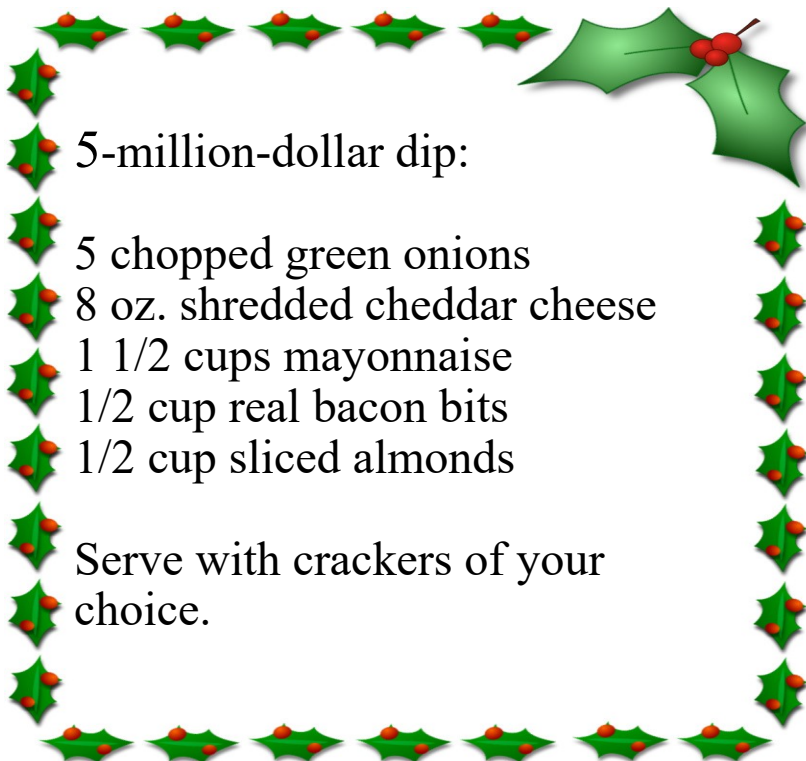

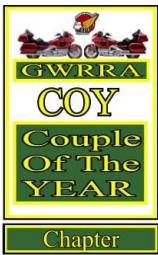

Recieps

Happy
New Year
2017

Congratulations to our 2017 Couple of the Year!
Jerry and Irene Ciesla

Chapter B Christmas Party

A big thank you to Mike and Linda for hosting a wonderful day! And to all those who pitched in to provide the greatest spread known to mankind—what a great bunch of cooks!

Vickie Litterell, our 2016 Individual of the Year, shared with us that the new Individual of the Year is . . . Well, it will be announced at a later date!!!!

Chapter Educator Section

Judging the up and down weather that I've seen in the last few weeks of December, I think we'll see a few good riding days here in January of 2017. I hope everybody had a great holiday season. Even a few days before Christmas while out shopping I counted more than a dozen bikes out on the road. However, as I've said before, we're still in the minority in vehicle recognition on the roadway. In this sort of "off season" it just becomes more hazardous to our safety when we don't have a consistent presence like during the summer months.

About half of all motorcycle crashes in the U.S. are collisions with cars. In about half of those crashes, the car driver was at fault, and the driver often claimed that he / she didn't see the motorcycle! We've all taken various steps to increase our visibility to other vehicles out on the roadway. Maybe it started with riding with your high beams on, or maybe even a headlight modulator, an orange colored construction worker's vest, or possibly a jacket with reflective panels. Whatever it was, nothing will work unless a car driver's eyes and brain are able to work together to "see" a motorcycle and hopefully yours.

A car driver's vision must be able to

focus on a motorcycle and determine what it is, or it will remain as an unimportant blur on his / her visual picture of the area. Keep in mind that car drivers who do not ride and have no family or friend connection to motorcycles may NEVER actually recognize or register your presence on the roadway. Because your small size does not challenge their eye / brain function compared say to a large truck, you may appear only as that unimportant blur.

A motorcyclist's brain is conditioned to "see" other motorcycles. A car driver who is a motorcyclist will usually notice a motorcycle in traffic, while usually looking for what brand it is, or what gear the rider is or is NOT wearing, (Tank top, shorts, flip flops).

When people are shown scenarios common to inattention blindness, about half don't see low-priority objects. It's safe to say that at any moment in traffic it's likely that about half the car drivers will NOT SEE A MOTORCYCLE. The best tactic is to assume none of them can see us and to keep a safe distance from all of them.

Until next time, ride safer.

Jerry

For Sale

2008 GL1800, Level III, comfort/audio pkg. with ABS and GPS, Pearl White, CB, Fog Lights, lots of chrome, Tulsa windshield, highway pegs, back rest, passenger arm rest etc. too many extras to list. Must see to appreciate. Bike has good rubber and brakes, recent differential and drive shaft from a new trike conversion installed. 2008 Colorado color matched trailer with alloy wheels and Radial tires and independent suspension, spoiler with tail and brake light to match the bike. Goldwing and trailer are one owner and well maintained. Bike in excellent condition, Selling cheap due to high mileage of 140,000 smiles, lots of life left on this beautiful rig. Will make someone a a very good deal. Time for the Trike!!! Make offer, Bike only or with trailer. Matching Helmets with all the audio equipment. Everything works great. Fun Bike Facts

- The pneumatic tire was invented by John Boyd Dunlop in 1888 for use on push-bikes. Boyd also invented the word “pneumatic”.
- Slick tyres offer more grip in the wet than treaded tires up to the point at which they aquaplane. Modern sports bike tires don't contain any natural rubber.
- Front tires disperse water at three times the rate of rear tires.
- When cornering, 75 per cent of a bike's grip comes from the front tire.
- Vespa means wasp. Cucciolo (the name of the first Ducati) means puppy.
- Hayabusa is the name of a Japanese falcon that preys on blackbirds (you gotta laugh!) It was also the name of a WW2 Kamikaze fighter plane.
- Steve McQueen didn't do the famous 65 ft. motorcycle jump in The Great Escape. American Triumph dealer Bud Ekins did it – in one take
- Kawasaki also makes spaceships.
- Yamaha makes swimming pools and unmanned helicopters
- Ducati once made radios.
- Yamaha started making bikes in 1954 but didn't produce a four-stroke motorcycle until 1970, when the firm built the XS2 650 twin.
- The Kawasaki motorcycle division was established in 1962 for no other reason than to publicize Kawasaki's heavy industries, which was huge but unknown to the general public.
- Evel Knievel holds the world record for breaking the most number of bones and surviving. His real name is Robert Craig Knievel. The nickname Evel is said to have been given to him by police when he was jailed alongside William (Awful) Knofel. Knievel used a double in the film Viva Knievel. During his stunt career,
- The Fonz (aka Henry Winkler) couldn't actually ride a motorcycle.
- Magnesium wheels are porous, and allow tires to deflate if the protective paint is scraped off. The same process occurs with alloy
- In the 1970s cop show CHiPs, Larry Wilcox and Erik Estrada, who played bike patrolmen Jon and Ponch, were so dissatisfied when their Kawasaki Z1000s were swapped for BMWs that they put the BMW fairings on the Kawasaki's and continued to use them.
- Contrary to popular opinion, the motorcycles used in Easy Rider have not both been lost or destroyed. One of them, which was wrecked during filming, has been restored by Dan Hager-ty, who played Grizzly Adams in the TV show of the same name.
- No one knows what became of the Triumph 6T ridden by Marlon Brando in The Wild One. its worth £500,000.
- Triumph also makes golf balls.
- Titanium ore is abundant. The reason its known as an expensive material is because its strength and hardness makes working with it difficult and costly.
- Early bike helmets were lined with cork.
- The founder of ARAI, Hirotake Arai was a stunt rider.
- The term 'motorcycle' was first coined by British inventor Edward butler when he built a twin-cylinder tricycle prototype in 1885.
- The first rider to ever go over 300mph was Don Vesco in 1975, on a 1496cc Yamaha-engined streamliner.

Ride Planning Meeting

Saturday, February 4, 2017
10:00 a.m.

Tom and Kathy's Place

153 Deerwood Lane
LaFollette, TN 37766
423-907-9712

Come with your suggestions for day rides, dinner rides, overnight rides . . .

We'll share our ideas, have lunch and then finalize our schedule.

Then, when our work is done, we'll play games! So bring your favorites!

Directions to Tom and Kathy's Place

153 Deerwood Lane, LaFollette, TN 37766, 423-907-9712

We'll grill up some burgers and dogs. And you all can sign up at the chapter gathering to bring some stuff that goes along with them. If anyone would like to help by bringing buns; lettuce, tomatoes, onions, pickles, cheese, etc.; dessert; maybe a salad or vegetable dish; chips or snacks for later; or anything else you can think of - let Kathy know or sign up at the meeting.

- I-75 North to Exit 134 (Caryville, Jacksboro, LaFollette).
- At bottom of ramp turn right (east) on TN-63/US-25W.
- Turn right in approx. 9 miles, after going thru town, at Traffic Light #10, Cumberland Avenue.
- Road name changes to Old Long Hollow Road (follow signs to Deerfield Resort – every mile or so).
- Turn left in about 3.8 miles onto Cedar Creek Road (just past Coolidge Baptist Church).
- Turn right in about 3.8 miles at Fast Freddy's onto Alder Springs Road.
- Bear right in about 1 mile, up the hill onto Chapman Rd (you'll see signs to Deerfield Resort.)
- You'll come to the guard shack in about a mile – let them know that you're visiting us. Note: the road name changes to Deerfield Way at the guard shack.
- Turn right in about 2 miles at office and tennis courts (you'll still be on Deerfield Way after turning).
- Go down the hill and turn at the first street, Deerwood Lane.
- Our house is the second driveway on the left. You can't miss the sign that says "TomKats Place".

**Note: Your GPS may take you a different way – that's OK.
We prefer this route. See you soon!**

TN-B 2017 Ride and Event Schedule
