## Stanley & Patty Rinehart Chapter B Directors

As we were getting ready for the new riding season there is a lot to look forward to and one of the first things that comes to mind is Spring Fling. I was on a zoom call with our District Director and some other Chapter Director's and the one thing that was discussed was Spring Fling and all the events that will be going on and it sounded like a lot to look forward to. They will be sending out an itinerary but just a few things that was brought up was a Rook card game contest, not sure how many have played it but it is one of my favorite card games so if you are interested in that please let me know as they want to try and get a count of how many people to expect, there will also be a corn hole tournament but instead of bean bags they will be using footballs and they will have a special referee and I am told he is a ex-NFL two time Super Bowl player so that should be a lot of fun. There will also be a clogging team for opening ceremonies and a Blue Grass band if you sign up for the dinner and the show. Along with all that will be the talent show, a costume contest and a first aid class set up plus vendors so it looks like they are setting this up to be a humdinger of a Spring Fling. One thing of note, if you call the Hotel to make reservations and want to get the EWMA discount do not let the phone ring more than 3 times or it will go to a booking company and they are not aware of any discount, so 3 rings then hang up and call back. Best times to call are 9AM to 12PM then 3PM on. I hope everyone can make this as this is our Rally here in Tennessee and we need to represent and support it. We also have a good looking riding schedule, we just need to get some dates on the rides and our annual Chapter B picnic, There will also be the Roan Mountain steak out and bean supper so we have a lot to look forward to, and speaking of looking forward to, as always we look forward to seeing everyone Tuesday night.

Well, February went out with a howl. Spring is right around the corner so don't forget to "Spring Forward" on March 10<sup>th</sup> and set your clocks ahead an hour. Also, the Spring Fling is coming in April and will be in Johnson City. There is still time to register so try to join us if you can, the more the merrier. Spring Fling is always a good time to get together after a long winter. Hope we have a good turn out for this year's rally.

Riding season is upon us. I am sure several have been out and about already. There have been several days in February with good weather. Don't forget to make sure your bike is ready before you hit the trail. Also, if you want to lead or add a ride to the schedule, send the info to Wally and Stan so the schedule can be updated.

Looking forward to what 2024 brings, see everyone Tuesday evening.

## Saddle Bag Necessities – Making the Jump

Batteries are great until they're not! Most of us ride Goldwings and in case haven't noticed they don't have kick starts and require a lot of juice to run! Batteries don't always tell you they are getting old either. They tend to just die especially if something electronic is left on and drains it down. For those reasons it is a good thing to add a portable battery jumper pack to your saddleback. They are smaller and cheaper than ever before and should be considered a must for a large motorcycle owner. Here are a few considerations you should think about when purchasing the right battery starter pack for your ride.

you  
Bat-  
and  
sons  
They  
have

**Power and Peak Amps:** Ensure that the jump starter has sufficient power to your motorcycle. Look for a model with a suitable peak amp rating for your motorcycle's engine size. Higher peak amps generally provide more cranking power.

start  
mo-

**Size and Portability:** Choose a compact and lightweight jump starter for easy portability. You'll want a unit that is convenient to carry on your motorcycle or in your backpack.

**Safety Features:** Look for safety features such as reverse polarity protection, over-current protection, short circuit protection, and overcharge protection. These features help prevent damage to the jump starter and ensure safe usage.

**Durability:** Consider the build quality and durability of the jump starter. It should be able to withstand the rigors of being carried on a motorcycle and potentially exposed to different weather conditions.

**Other Features such as Multiple Charging Ports and/or Flashlight:** Some jump starters come with additional features like USB ports for charging smartphones and other devices. If you want a versatile device, consider one with multiple charging ports. Many also come with built-in flashlights. This can be a handy feature in emergency situations or when working in low-light conditions.

There are other factors like ease of use, reputation of the manufacturer and warranty to consider as well but if you do your research you will find the right one for you.

To conclude, if you don't already have a battery starter jump pack seriously 'start' looking and take the 'jump' into those of us who ride with peace of mind.

## Tires

Over the last 3 years I have been doing research on tires and this is some of my findings on the subject of tires hands down if you are riding a Goldwing Trike for the front wheel is [130/70-18 Bridgestone Battlax BT46 Rear Tire](#) and 42 lbs air pressure I have put several on and have had people bring me tires that they purchased and hands down this tire wares better and is more stable than even Michelin Pilots that cost twice as much

Rear tires on a trike I found this tire to be the best Falken Sincera SN250 A/S at 20 psi work very well and are stable even with that low air pressure

# Eagle Wings Motorcycle Association Team Structure

This is intended only as an example as to what we have envisioned how this new Association would look like.

CEO/ President

## **International Team:**

Vice President of Operations, Vice President of Safety/Ride Coordinator, Vice President of Finance and Vice President of Special Operations

## **Regional Team:**

Regional Director, Regional Safety/Ride Coordinator, Regional Treasurer

## **District Team:**

District Director, District Safety/Ride Coordinator, District Treasurer

## **Chapter Team:**

Chapter Director, Chapter Safety/Ride Coordinator, Chapter Treasurer

The Directors would be appointed by the Director above them and the Director would appoint their own Team with approval of the Team above them, like the Chapter SRC would be appointed by the CD with approval of the DSRC and so on.
