From Your Senior Chapter B Directors, Tom & Kathy Peck

Hi Everyone,

The fall riding season came roaring in here in East Tennessee. Always look forward to cooler temps and beautiful fall colors after a long hot summer. Those of us who may have invested in electric riding gear can look forward to many more nice enjoyable days out in the countryside.

Had a really great day to ride for a little impromptu ride to enjoy some of the fall colors. I picked one of my favorite rides on the Goldwing and even discovered a new place to eat. The Green Toma-to proved to be a definite destination for future rides, hard to beat the mountain riding either. If you happen to find that hidden jewel out riding make sure to share your experience with the rest of the membership.

Many of our chapter officers will be attending the annual operations meeting again this year, always a good time to meet folks from the other Tennessee chapters and share ideas. If anyone has questions or concerns that we cannot answer we promise to get some guidance from the District team at the OPS meeting, let us know.

I know I had mentioned our upcoming Event and Ride planning meeting on the 22nd of November but wanted to once again remind you all to attend a fun day at our place. We will have lunch and put together our schedule for the 2015 season. (Please note the date has changed from the originally scheduled 15th—our OPS meeting will be that day so we needed to make a change.) If you are unable to make the meeting jot down some of your ideas and pass them on to someone who will be there, we want input from all our membership.

Look forward to seeing you all at our November monthly meeting next Tuesday the 4th and make sure you take time to VOTE! Is It game night time yet???

October 25, 2014 TN-B Fall Colors Ride

Tom & Kathy led 19 other members of TN-B on a very enjoyable impromptu ride to check out the fall colors, using a really nice route though some nice scenery, fun roads, and a really nice stop for a late lunch. We had some fun twisties to enjoy, for those that like that, but none so extreme that you could see your bike's tail-lights, which Loretta was happy about - she says she likes the fun sweeping curves but not those hairpins. The majority of the foliage was still showing more green than anything else, but we did see some reds and oranges mixed in along the route. With the predicted cold coming soon, that will probably change and we'll see more colors soon.

toward Bean Station, with a stop at a new restaurant for many of us, the Fried Green Tomato. They were ready for us, even though there were more of us than Kathy had told them to expect, and we all had quite a nice late lunch. Leaving from there, some of us split off for their own route back home, while others continued on to a stop at the Veteran's Overlook. What an awesome view from up there!

From there all that was left was just the ride home, with members peeling off as they came to the place best for them. All in all it was an absolutely gorgeous day for a ride. It started out cool, but most

We met up at the MacDonald's in Jacksboro and headed out north on 63, a quick stop at the Hardee's in Harrogate for a potty stop, a few slurping up some needed coffee, and of course we had to indulge in the famous "Kathy's Kookies"! After the quick break, it was back on the road for a continuation on 63. The comment was made that 63 from Jacksboro to Harrogate has GOT to be the straightest and flattest section of road anywhere in TN, but north of US-25E is a totally different story, a really nice curvy road for us to enjoy, and the comment was heard over the CB that for at least one of the riders, this was their first ever ride on that section, and they were enjoying it. We continued on to Sneedville

of

us were properly "layered" in our gear, and at the different stops, you could see the layers coming off till we were all enjoying the ride in a bright sunny,

mid-70's day, clear skies, we couldn't have asked for anything better. What a great way to enjoy our area, and our friends.

PANAMA CITY RIDE

We've had some beautiful days for riding this fall and our ride to Panama City on Friday, Oct. 10th was no exception. Even though we had to suit up in our rain gear as we left the LaFollette area, we shed it by the time we met the rest of the group in Loudon an hour later. (Our group being Wally, Joann, Emily and grandson, Christopher, Bobbi & Kyle, Tom & Debbie, Jack & Debbie, Jerry & Irene and daughter, Melanie and fiancé Curtis, and Chuck and Pat.

Wally led our group of 16 (8 bikes and a car) through the back roads and small towns, very little traffic, beautiful scenery, making for an enjoyable ride.

Overnight stay in LaGrange GA, before heading on to Panama City. Had to make a stop for lunch at Dobb's BBQ restaurant in Dothan, AL before leaving the heavy traffic there and getting on route 231 for a pleasant ride into Panama City.

Accommodations at Seaside Villa were great, for most of us. We relaxed around the pool and were entertained by Tom, Debbie, Jack and Debbie moving their luggage from one building to another, across the courtyard, then back again. They were eventually given two nice units to reward them for all the inconvenience.

Sat. night, our restaurant offered all you can eat shrimp, much to the delight of Jerry, Kyle and Anthony (he had joined up with us at Panama City). It was thought that shrimp tails were seen coming out their ears. Not a good experience for Kyle. About 3am he began to have trouble breathing and had to be taken to the hospital and treated for an allergic

reaction. We were glad to have a car available (Jerry and Irene's daughter) to get him there quickly.

The predicted storm bringing in rain and high winds on Monday arrived earlier than expected. We were kind of confined to our habitat until Tues. afternoon. The wind was so strong Mon. night that it blew Anthony's bike over in the parking lot, doing a little damage. Tues. night we got together as a group and enjoyed a lasagna dinner in one of the units.

Thursday was picked as our day to ride to Apalachicola and enjoy lunch at the restaurant famous for its large fish sandwich. The ride over was beautiful as some of it is along the coast. We rode out to St. George Island, crossing over the long bridge that takes you there.

A trip to Panama City isn't complete without a visit to Capt. Anderson's Seafood Restaurant. Some had already

had their fill of seafood, so they ordered steak. Expensive, but claims were made that it was the best steak they had ever had.

All in all, it was a great trip...relaxing with great friends, lots of seafood, lots of 5 Crowns and lots of ice cream. Life is good. Thanks to Wally for all his planning.

I checked out one of these while we were at Rally in the Valley a few weeks back. I was amazed how light this battery was plus if you own power tools you'll know this new technology might be just the ticket for your Goldwings, it cost a little more but I think it might be quite an improvement over the older style lead acid or gel batteries.

- Sleep Inn and Suites, 4727 University Drive, 4.5 miles from rally site, Trip advisor rating #4 of 53 hotels, \$72 (Sr & AAA),
- Comfort Suites, 6224 Torok Cir, 6.7 miles from rally site, Trip advisor rating #14 of 53 hotels, \$82 (Sr. & AAA).

Note: these 3 hotels are not on the convention center list for Wing Ding and can be booked through their websites—rooms are still available. There are others still available, but these 3 are in the top 25% of Trip Advisor's ratings.

Other hotels can be booked from the convention center list by going to GWRRA's website and following the Wing Ding links. The ones not already sold out are either farther out, not in the top 25% of ratings, or are more expensive than the ones we've indicated here. Don't hesitate to make your reservations while rooms are still available. We are staying in town at the Homewood Suites, which sold out early.

Rally in the Valley 2014

Rally in the Valley, October 9, 10 & 11, was a fun time as usual. And, as usual for that rally — we had lots of rain! Because it was predicted, Tom and I chose to drive the car. The drive over was beautiful—may have been sorry at that time that we didn't ride, but that feeling didn't last long. The rains came . . . and they came . . . and they came.

But the rain didn't slow us down a bit. Virginia had changed their location and the new rally venue was great—with most everything inside. We did our outdoor vendor shopping when we arrived Thursday and didn't have to go out again until the trip home.

The theme of the rally was Looney Toons, and as you can see from the photo, lots of folks really got into it.

The hi-light of the trip for us was the Region N Couple of the Year selection. I wish you all could have been with us when Brian and Loretta made their presentation. Although

they weren't selected they made us proud. All

5 districts had super couples and it was a special time. I recalled when Tom and I were in the Region selection process 11 years ago; someone came up to me afterward and told me how much they enjoyed our presentation, saying "If I weren't already a member of GWRRA I would have to go out and join right now!" That's how I felt after this selection process.

We want to congratulate Glenn & Nanette Mizner of Virginia (2nd from the left) for being selected Region N Couple of the Year for 2014-15. And also to say Thank You to Boyd and Diane Hixson, our own TN folks, for representing us so well as the 2013-14 Region Couple of the Year.

We hit the jackpot once again, by winning some cash at this rally: a small WINGO win, two 50/50's, and the 50/50 drawing for the Region N cookbook sales (everyone who purchased a book filled out a ticket for the drawing.) All tolled, our take was \$375.

The drive home on Sunday in the pouring rain was made a little more tolerable knowing we had come away winners, not just for the cash in our pockets but mostly for the memories made with old and new friends.

Muddy Pond Ride & Allardt Pumpkin Festival 2014

The day started out with a wonderful forecast but it turned a bit cool and overcast. After meeting at Shoney's we headed up the mountain on I-75 and across Rt 63 towards Huntsville where we started across the back roads towards Clark Range near where Muddy pond is located. There were 22 of us, most on 2 or 3 wheels, and two couples in a 4-wheeler.

It seemed like everyone and their brother decided to visit Muddy Pond this day. As we approached the general store there were cars everywhere; finally most of us found a place to park but we were all spread out so it was difficult to get everyone to decide what and where we'd meet up and how long everyone needed to shop. Some of the locals had set up a table out front and were selling coffee and sweet rolls- nice snack as some didn't have breakfast at Shoney's and some did; made it a good snack to take care of those grumbling tummies as plans were to eat a bit later at the Pumpkin Festival.

The crowd was huge as we approached the Festival and worked our way to find some parking. Again everyone got scattered everywhere and again difficult to get the word out as to what, where and when for food and departure etc. I got to take responsibility for the situation - should have made plans back in Muddy Pond before we left there. Everyone understood and they all took off in different direction to enjoy the festival, food, car show, pumpkin and watermelon judging.

The sun finally came out and made the final leg home much more comfortable for all. Always a fun time at the festival since you got arts and crafts, good food, and a custom bike and car show; all you had to do is pick which direction to head off to first. Look forward to next year!

Let's talk about stoplights

So you and your bike got caught at a stoplight alone with a 4-wheeler in front of you. There's no one behind you, for now at least. What's the safest way to protect yourself until you get your green light? First, leave some space, or make some space between your bike and that car in front of you to use an "escape route". Keep your bike in first gear and your right hand gripping the front brake lever to keep your brake light activated.

While waiting at the traffic light keep an eye on your mirrors to check for a possibly distracted driver coming from behind. I always like to give a few quick off and on grabs to the front brake lever causing the

brake lights to flash to get an approaching drivers' attention. Remember, some drivers actually think they can do other things while driving!

I also recommend installing a brake light modulator that gets immediate attention from most every driver following your bike.

This may seem like a lot of extra effort to do while out riding, but being rear-ended on a bike is not a nice experience; and after having it happen to me once, I decided to take these steps so as to minimize the possibility of it happening again.

One last thought while riding this fall; IT'S DEER SEASON AGAIN! If you see one there are probably more running in the area.

Until next time, ride safer.

Jerry

A possibility for lodging at Wing Ding:

I have found a Hampton Inn on South Parkway, which is next to the Double Tree and Hilton Gardens Inn. It is cheaper and now at the Double Tree you can't get the \$94 rate any more.

But the Hampton has rooms for \$84 a night for two beds and \$94 for a King...if you even think you are going to Wing Ding in Huntsville, please reserve a room at these reduced rates, they usually have a 24 hour cancellation policy, and please use the web site to reserve your room...

If you don't have a Hilton Honors card, please apply for one and most of the larger chains, such as Holiday Inn, Choice, Windham, Best western have cards for points and free rooms and it is free, plus it helps when you log into their web sites..

So so please reserve a room if you are remotely thinking of going to wing ding..so you can lock in the best price, and you don't have to mention wing ding at all....need any help , just ask me, I will be glad to help..
